

Prayer for Farmers

Thank you, God, for farmers.

Help us to recognize the importance of those who participate in your creative work by growing and raising food.

We pray today in particular for farm families who suffer from crises in the agricultural industry.

Help us to walk with those who must sell their products for less than the cost of production.

Help us to walk with those who face uncertainty because of disease and government restrictions.

Help us to walk with those who are burnt out because they must work on and off the farm.

Help us walk with those who grapple with difficult business decisions as they balance family dynamics.

Help us to walk with those who have lost or fear the loss of their family farm.

Help us to walk with those who work from dawn to dusk and into darkness and yet cannot make ends meet.

God, help us to create a society where there is justice for farmers.

Amen.
